

## MAY COME TO LIFE

The World's Fair Appropriation Bill Revives.

## LIQUOR AT THE "HOSS" RACES

The Senate Passes a Bill Granting the Driving Club That Privilege—Increased Salary Amendment.

LANSING, Feb. 24.—The world's fair bill, appropriating \$50,000,000 for the Michigan exhibit, has been more than half passed since the finance and appropriations committee of the senate cut the amount to \$25,000,000 about two weeks ago. It was reintroduced to a certain extent by the action of the senate this afternoon. On motion of Senator Duran the bill was taken from the table and the senators proceeded to non-concur. The bill then went on to the general order. The committee of the whole may consider the matter at its session tomorrow morning.

Senator Barnard's bill, providing that inmates of the Soldiers' home who shall become insane shall be taken to one of the state asylums and maintained there at the expense of the state, instead of by the Soldiers' home, passed the senate today. The bill was passed by a vote of 11 to 10. A measure of Senator Duran's narrow escape of decapitation in the senate committee of the whole. It was the bill allowing the Driving club to sell liquor on the grounds of the West Michigan Agricultural society. A motion to strike out all after the enacting clause was defeated by the narrow vote of 11 to 10. The bill was opposed by the soldier members of the senate and others who thought that it would be a disgrace to the Soldiers' home for two years was passed by the same committee of the whole, however, without a person voicing an objection.

To Increase Salaries. In order that persons interested may have a hearing, the bill providing that the city of Grand Rapids assume a portion of the indebtedness of school district No. 9, Wyoming township, has been hauled back from the committee of the whole and referred to a committee.

Warden Davis may soon have employment for the fifty convicts now enjoying a season of rest at the state prison. The house judiciary committee this afternoon recommended Representative Gordon's scheme for the employment of convicts on the roads and bridges of the state.

The senate committee of the whole passed a joint resolution this afternoon providing for the submission to the people of an amendment to the constitution, providing that the salaries of the state officers be raised as follows: Lieutenant governor, \$12,000; secretary of state, \$2,000; superintendent of public instruction, \$2,000; commissioner of state land office, \$2,000.

Continuing on this line, the house judiciary committee recommended for passage the senate joint resolution providing for an amendment to the constitution fixing the salary of legislators at \$100. As the resolution passed the senate, a salary of \$100 was provided, but the house committee thought it too small.

A joint resolution was also recommended by the house judiciary committee cutting the time for the introduction of bills from fifty to sixty days. The house adjourned until 9 o'clock Monday evening. The senate will work tomorrow.

## HANCHETT WILL ACCEPT.

He Telegraphs President Harrison to That Effect.

SAGINAW, Mich., Feb. 24.—The Hon. Benton Hanchett telegraphed to the president this morning that he would accept the United States circuit judgeship, if the senate confirmed his nomination.

The honor conferred upon Mr. Hanchett has given great pleasure to all Saginaw people, who recognize in Mr. Hanchett one of the best lawyers and scholars in Michigan. His life has been one of honor. He was born in New York state in 1850 and received a good law education at Poughkeepsie. Since 1880 he has resided in Saginaw, with the exception of a short time in Orono, where he held the office of prosecuting attorney. He was mayor of Saginaw from 1873 to 1875, and at present is president of the Saginaw County Bar association. He has been a member of the United States senate and also for judge of the supreme court, but has always preferred to devote himself to his chosen profession, from which he has an income probably more than double that of the judgeship, now offered him. It may be added that Mr. Hanchett was one of the principal movers in the plan of consolidation of the Saginaw, is happily married and has a son and daughter.

## HUNDREDS OF VICTIMS.

Jackson Excited Over the Case for Cocaine.

JACKSON, Mich., Feb. 24.—A local physician, a confirmed taker of cocaine, has brought many of his patients under his influence. Reputable medical men have determined that the practice must stop, and the practitioner himself be put under treatment or be debarred from practice. Some of the best classes of citizens are addicted to the habit, and the local press publishes a list of hundreds. The majority of the addicts are addicted to the habit, being kept by what they were taking, having been administered for throat troubles, hay fever and many minor ills.

## CONSTITUTION CONVENTION.

One Will Probably Be Called to Meet August 15.

LANSING, Mich., Feb. 24.—Early next week the house judiciary committee will recommend a bill for the calling of a constitutional convention to revise the constitution and make it up to date. The house of representatives will be one delegate to each representative of each

## WHEELS IN HIS HEAD.

Marquette County Opposes Wagner's Scheme to Divide It.

NAGUENET, Mich., Feb. 24.—Sentiment here is absolutely unanimous against dividing Marquette county as proposed in Representative Wagner's bill. It is generally conceded that Wagner has won in his head, and that he has lost control of his inter-cranial machinery since his re-election.

## TATE DISCHARGED.

The Jury Holds Him Guilty of the Manton Wreck.

CADILLAC, Mich., Feb. 24.—The examination of Lon Tate, the engineer who was charged with being the cause of the Manton hill wreck was completed, and Tate was discharged.

## Battle Creek's Sanitarium.

BATTLE CREEK, Mich., Feb. 24.—The stockholders of the adventist sanitarium held a meeting yesterday and today. The valuation of the property at present occupied by them was estimated at \$500,000. The city assessor has greatly underrated it, and still the figures given are considered low. Last year's earnings, over and above all expenses, were said to be \$22,500.

## From Congress to Life Insurance.

DETROIT, Feb. 24.—The fact that ex-Congressman William C. Maybury has been appointed managing director of the Standard Life and Accident Insurance company will be news to most people, although the appointment was made over a week ago.

## Lansing After It.

LANSING, Mich., Feb. 24.—The board of trade held a secret meeting this morning, and decided to make a bid for the Michigan Peninsular car works. The details of the offer could not be learned, the members being very close-mouthed.

## Michigan Pensions.

Original—Elmer S. Rose, Cyrus F. Fable, William A. Bower, Gilman J. Wright, Orrill Albino, Charles Southern, John Howard. Additional—Andrew Porter, Herman W. Perkins, Carroll B. Poole, Joseph O. Stafford, John Nason, Reinecke, W. H. Eider, Charles Korman, Jacob A. Britton, John W. Larue, Henry M. Freeman, Lucius H. Ward. Original widows, etc.—Catharine A. Warner, Mary S. Neer, Jane H. Sheffield, Clarinda Ward, Coroline Jesselyn, Mary Oliver (mother), minor of Jerome Williams.

## State News in Brief.

A mad cat at Diamond Lake, Eaton county, created great excitement recently. The animal belonged to Homer Gilbert, and its ravings attracted the attention of Orlando, the brother of Mr. Gilbert, to the scene. No sooner did the cat catch sight of that gentleman than she flew at him furiously, fastening her claws in his boot leg. A neighbor's dog ran to the rescue but only to meet his fate, for the cat at once sprang upon him and he ran three quarters of a mile with her on his back, yelping with pain. Both animals were finally killed with a shot gun. It was afterwards learned that one of Gilbert's cows had been bitten and when discovered she was trying to gouge out the side of the cat. The animal raved all night and in the morning died in terrible agony.

The Peninsular Fish company of Detroit has bought most all the land surrounding Whitefish lake, Mackinac county, and is making that lake into a large fish pond. The lake is about seven miles long and two miles wide and its water is very pure and admirably adapted to fish culture. The company is planting 1,000,000 young whitefish in it annually, and now has a bill pending in the state legislature permitting the use of seine fishing in certain lakes. The purpose of the company is to start a big fish farm in Mackinac county that will enable it to ship fish in large quantities.

Cigar smokers in Saginaw are just a little particular at present about the kind of weed they put in their mouths. For it is claimed by some that when Luther Mapee cut off the end of his finger instead of a cigar wrapper, it became lost in the shuffler and they are afraid it became made up in one of the big twofers.

There is a certain Wayland man that it is not safe to ask if the fish are biting. The other day he cut a hole in the ice and sat there the whole day without even a nibble. Just as he gave up in disgust a friend came along and made the discovery that there were two layers of ice. And then...

## CUTICURA RESOLVENT

The New Blood Purifier, Internally it cleanses the blood of all impurities, externally it cures the skin of all eruptions, it is the great skin cure, and CUTICURA, an exquisite skin beautifier, externally it cleans the skin and restores the hair, it cures thousands of cases where the suffering was almost beyond endurance, but it is all gone, disfigured terrible. What other remedy have you made marvelous cures?

Write everywhere. Price, CUTICURA, 50c. Soap, 25c. Resolvent, \$1. Prepared by the FORTUNA Lotion and Cream Company, New York, N.Y.

Applied for—How to Cure Skin Diseases, 54 pages, 30 illustrations, and 100 testimonials.

Skin and Scalp purified and beautified by CUTICURA Soap. Absolutely Pure.
